

PRESS RELEASE

**Northern Ireland Transport Holding Company (NITHC)
awards POF system contract to Parkare**

Parkare Limited has been awarded a contract by the Northern Ireland Transport Holding Company (NITHC) the supply and implementation of a large scale “Lynx” pay-on-foot parking control system that will encompass NITHC’s car parks in Belfast, including the Central Station (railway) and Donegall Quay – serving the bus station. The equipment in each car park will be networked to a central monitoring system.

Three of the car parks have now been equipped and are fully operational.

“Lynx” is Parkare’s latest range of parking access and revenue control systems. The Lynx system being supplied to NITHC comprises a comprehensive pass card database. Pay Stations accept cash and credit/debit cards. Parkare is the Payment Services Provider (PSP) for credit/debit card transition clearing.

For more information contact Peter Sands on 0844 371 7072
